SHRUTI SUKHADEV SARAK

Software Engineer Trainee | C++ & Python Developer

📧 Sarakshruti30@gmail.com 📱 +91 9579606420 📍 Maharashtra, India 💼 LinkedIn

PROFESSIONAL SUMMARY

Enthusiastic Bachelor of Computer Applications (BCA) graduate with hands-on experience in **C++, Python development, Core Java, and SQL**. Proven track record through dual software internships focusing on OOPs principles, data structures, backend logical development, and software troubleshooting. Strong problem-solving abilities, SDLC understanding, and team collaboration skills tailored to building scalable applications.

PROFESSIONAL EXPERIENCE

Python Developer Intern | Infotact Solutions

3 Months Internship

- Assisted in backend software development, business logic execution, and relational database query optimization using Python and SQL.
- Collaborated with senior engineers to perform software testing, system debugging, and troubleshooting to increase application reliability.
- Participated in internal code reviews, adhered to engineering best practices, and maintained detailed technical documentation.

C++ Programming Intern | CodSoft

1 Month Virtual Internship

- Designed, developed, and tested efficient software solutions in C++ using Object-Oriented Programming (OOP) and Data Structures.
- Analyzed technical challenges and algorithmic efficiency to optimize performance and reduce runtime overhead.
- Executed systematic debugging and code validation workflows, delivering clean, well-documented, and maintainable source code.

KEY PROJECTS

Hanasa – AI Conversational Learning Assistant

`Python, Django, NLP, SQL`

- Built an interactive AI learning utility leveraging NLP to address complex technical queries dynamically.
- Engineered relational SQL queries to manage interaction logs, user data, and automated response retrieval seamlessly.

Emotion-Based Music Player

`Python, OpenCV, MySQL`

- Designed a computer vision pipeline using OpenCV to detect facial expressions and generate personalized playlists.
- Structured MySQL relational tables for real-time metadata lookup and user state management.

Resume Builder Web Application

`JavaScript, HTML, CSS, Bootstrap`

- Developed a responsive web tool capturing user data inputs to generate formatted professional resumes.

TECHNICAL SKILLS

Programming Languages	C++, Core Java, Python, C, SQL, PL/SQL Fundamentals
Core Engineering	OOP, Data Structures & Algorithms, SDLC, Debugging, Code Reviews
Web & Frameworks	Django, HTML5, CSS3, JavaScript, Bootstrap, Framework Concepts
Databases & Tools	MySQL, Relational Database Management, MS Excel (Pivots), Git Basics

EDUCATION

Bachelor of Computer Applications (BCA)
Shivaji University, Kolhapur | **CGPA: 7.72**

Higher & Secondary School Certifications
HSC & SSC | Maharashtra State Board
